SKILLS AND COMPETENCIES

JAVA Programming:

Proficient in Java Programming and object-oriented programming concepts with good theoretical and practical knowledge in developing Java Applications. I secured a score of **10** with an **S** grade in the practical examination and a **9** with an **A+** grade in the theoretical examination. Also proficient in managing and operating Databases with the help of JDBC, building powerful graphical user interfaces using Swing and AWT features.

C Programming:

Experienced in developing software and programs using C Language. I am also skilled in designing and implementing algorithms and developing Data Structures. I also secured a score of **8.5** with an **A** grade in the C Programming examination. Proficient in creating Data Structures and organize data efficiently. Proficient in mathematical concepts in Computer Science like Graph Theory with a score of **49.5/50** and Discrete Mathematical Structures with a score of **8.5** and **A** grade in the latest examination.

SQL and Database Management:

Proficient in Database Management and using SQL to operate it. Also experienced in the connectivity of Databases with a program and manipulating the data using these programs. I have also secured an internal score of **43/50** in the DBMS examination.

Robotics and Automation Proficiency:

Proficient knowledge in the concepts of Robotics and Automation gained by pursuing an ongoing **Minor Degree in Robotics And Automation**. I secured a score of **48/50** and **44/50** in the recent examination. Sufficient knowledge of robotic configurations, applications, orientations, motion planning and components like sensors and actuators used in its working.

Leadership and Management Skills:

Played a key role in the **Student Council** as the **Assistant School Leader** during the academic year 2018-2019. I also hosted various events in my school time and took the initiative for the successful run of several programs like magazines, arts and sports events. I was a part of heading the **Documentation Team** in an intra-college music fest which had a very high participation. I always ensure that I keep a good balance between extracurricular activities and academics and make sure both of them are never compromised. I headed the school troop in the National Cadet Corps as the **Troop Leader** for the Annual Camp in CRPF, Trivandrum. I also actively participated in volunteering activities during times of emergencies and crises like the pandemic and floods that happened in the state.
